HENLEY REGATTA.

CALCUTTA, July 10. In the finals at Henley Regatta the Oxford crews carried all before them with the exception of the Ladies' Plate won by Jesus College, Cambridge, and the Wyfold Cup won by the Thames R.C. They scored with all other events.

Christ Church won the Grand, and, represented by Barker and Gladstone, the Silver Goblets.

Wadham College won the Thames Cup. Magdalen College repeated last year's rictories.

The Stewards' Cup for Visitors was won by A. McCullocb, of University College the runner-up to Captain Darell who, last year, won the Diamonds easily beating D. C. R. Stuart.

THE NAVAL SQUABBLE.

LONDON, July 9, The Ministerial papers pay tribute to the ttitude of the Opposition regarding the Naval squabbles. The Daily News declares, that all parties desire Lord Charles Beres-1743 ford's resignation.

> Mr Macnamara stated that the Admiralty had no information regarding Lord Charles Beresford's signal to Sir Percy Scott.

LONDON, July 8th. With reference to the signal incident, the "Standard" says that Lord Charles Beresford signalled to Sir Percy Scott that he was quite correct in disobeying the signal for the evolution.

An impression provails that the incident may lead to the reconciliation of the two Admirals. LONDON, July 8th.

The papers take different views of the naval dispute. Several of both parties call on Lord Charles Beresford to resign. The "Morning Post" and the "Daily Fxpress" support him. The . Daily Chronicle" anticipates the early resignation of Lord Charles Bereaford and of Sir Percy Scott.

No correspondents are being allowedwith the Fleet.

It is supposed that the communication to "The Times," imputing the erroneous signal to Lord C. Beresford, emanates from the opposite clique, LONDON, July 8th.

The "Morning Post" says the publication of the story regarding Lord Charles Beresford's signal is a fresh instance of the spread of indiscipline. The first duty of the Admiralty is to ascertain and punish the offender. The "Morning Post" adds that those mindful of Lord Charles Beresford's services will not sit quiet and see the Navy's spirit overthrown by sensational paragraphs.

It is asserted at Devenport that Lord Charles Beresford will ask the Admiralty manœuvres and enter Parliament...

In the House of Commons this afternoon Mr Asquith, replying to Mr Bellairs, said that the Government have no knowledge, apart from unverified rumours, of the dissensions in the Navy. If they find reason to believe that a state exists in any way detrimental to discipline or the smooth working of the fleet, they will not hesitate to take prompt and effective measures, The direction of Naval policy, Mr Asquith continued, lies with the Government: It

is the business of officers not to discuss or

Ever since the murder took place in Tonkin of Messrs G. R. Fearby and J. Sutherland, two Australian prospectors, details of the crime have been lacking. Having caught both prospectors asleep they killed them with guns, and during the space of an hour they had leisure to ransack the house and steal what they liked. Three rifles, two colt revolvers and ammunition, as well as clothing and about \$300 were stolen, and then the robbers and murderers departed.

Mr Fearby's boy, who is now in Hongkong, was in the house when he heard the firing taking place, whilst the victims were asleep on a mat outside. He looked out to see what was happening and heard Mr Newport, said that what was wanted Fearby groan after saveral shots had been fired. The boy ran into the bath room and hid himself by lying on the floor, and he escaped undetected.

Poverty in Canton.

Whilst the whole of the southern section of the Province has been disturbed about the distress of the villagers throughout the Province, it has suddenly occurred to the people of Canton itself, that there might be some in their own midst who were hurt by the floods, and this has been found to be the case. The police and others have been commanded to look into the matter, especially throughout some of the less opulent parts of the Western suburbs, that were rather deeply submerged. A careful inspection revealed what wa

A Rift in the Lute.

Whilst the bazaar in Hongkong went off with greatenth usiasm, and as far as outsiders know without a hitch, the same cannot, it appears, be said about the proposed bazaar in Canton. It is reported that there has been some quarrelling amongst the leaders, which has ultimately led to a split. Apparently the leaders there are unwilling that young Chinese girls and ladies shall sell things at the stalls as was done in Hongkong. At any rate at the great meeting, in which arrangements were to made, three representative Chinese gentlepresent to sell goods, except from the the girls' schools, only, viz, The Kwin Wai hool. THE YARN MARKET. Messrs Phirozsha B. Petit & Co. repo

was dated the 10th instant. We have to record a firm market CAFC throughout the fortnight. To equalise the rupee prices of yarn, owing to the fall in exchange, the dollar quotations show from \$1 to \$2 higher figures than those quoted a fortnight ago. Even at the enhanced prices demand has been steady and clearances satisfactory. The downward tendency of rupee exchange makes importers rather less inclined to sell at ruling rates; this, coupled with the bond fide inquiries from dealers, leads to an anticipation of further

enhancement in prices. The devastating effect of the floods in Latest Novels by the Best the West River is now fully confirmed by official reports obtained through H.B.M. Consul-General at Canton. Hand Became Swollen and Very Red and Painful - Arm Gradually Affected Up to Elbow-Impossible to Give Idea of Agony Undergone for Three Years - Doctor and Very Many Remedies Fail.

CURED BY TWO SETS OF CUTICURA REMEDIES

"My trouble started with swelling in my right hand, which became red and very painful and irritating. This swelling spread gradually up the arm until it reached the elbow. It is impossible for me to give any idea of the agony I went through during the three years that this ecrema continued. I tried first this ecrema continued. I tried first one remedy and then another, only too glad to test anything that my friends suggested. Nothing seemed to be of the least good. I went to a doctor for four weeks in the provinces, where I was living at the time, and the treatment he put me under was as ineffectual as the rest. I was almost in despair. One day I happened to catch eight of an advertisement of Cuticura Remedies. and there I read of a case of eczema having been cured by the use of Cuti-cura Sonp, Cuticura Cintment, and Outicura Resolvent Pills. The case was so similar to my own that I thought was so similar to my both the try to I would at least make one more try to get my arm right. I bought the whole treatment of the chemist, and I persevered with it for a week. By that - time the improvement was apparent to -any one and the relief I felt myself was great. I should not have believed it-possible for any remedy to afford such possible for any remedy to anord such comfort in so short a time. My experience with the other remedies for perience with the other remedies for eczema—and I should think I tried them all—enables me to appreciate orders I was keeping my arm in a sling orders I was keeping my arm in a sling for many months, but the sling was seen dispensed with when I started with Cuticura Cuticura. I perseyered with Cuticura Scap, Ointment, and Pills for about a Soap, Ointment, and Pills for about a couple of months, using in all two complete treatments, and I can tell you candidly and heartily that I was cured. I have occasion to have great faith in Cuticura in skin ailments, not only because of the great good it has done me, but because of the benefit I know has accrued from its use in other cases. Mr. T.S. Gillard, 3, Hetley Road, Shepherd's Bush, London, Nov. 19, '00."

Culleura Remedies are sold throughout the world.
